## Philosophy

At L'Etoile French Immersion School, we aim to create a sense of well-being and confidence for our children and be the conduit through which they emerge as capable, independent thinkers. We embrace the French approach to learning that emphasizes the mastery of academic concepts through problem-solving within the framework of art, craft, drama, music, and mathematical manipulation. By delivering this curriculum in a full-immersion setting, we hope to achieve the following:

- Incorporate French into our students' daily lives such that it becomes their form of communication within the classroom. By consistently introducing French in a structured way we are setting the stage for the acquisition of native-like pronunciation and intonation, and advanced language proficiency.
- Build solid critical thinking skills that will enable our students to excel in their future academic and practical endeavors. According to the American Council on the Teaching of Foreign Languages, there is a strong relationship between early foreign language study and increased mathematical skill development, particularly in the area of problem-solving. In the world of test-taking and competition this improved cognitive flexibility will help to instill confidence and self-esteem in our young learners.
- Prepare children to become global citizens and inform them of their responsibility to care for the Earth. We honor the varied traditions of French-speaking countries with the aim of broadening our children's world. Through drama, music, and reading, we explore diverse customs and develop a respect for cultural differences. Through tactical discovery-based activities such as gardening and plant exploration, we foster an appreciation for their physical surroundings.
- Promote collaboration by encouraging the verbal exchange of ideas, feelings, and concepts. Our morning group discussions allow children to balance their needs and desires with those of others. Group art projects and sing-alongs teach our children to be courteous, patient, and self-aware, skills that will be highly useful in their daily and future lives.

## Mission

Our mission is to build each child's early academic foundation by applying the learning principles established by the French Ministry of Education. The curriculum, taught in a French immersion setting, integrates art, craft, music, drama, cultural awareness, and problem-solving. The purpose of this approach is to:

- Stimulate early critical thinking, a developmental benefit of full language immersion
- Build the lifelong skill of native French-speaking
- Engender respect for diverse cultural traditions

We believe that this path promotes confidence and a love of learning in a fun, engaging, and collaborative environment.

## Diversity Statement

L'Etoile French Immersion School strives to be a safe community for all students, their families, and employees regardless of race, skin color, national origin and ancestry, religion, disabilities, gender (including gender identity and expression), and sexual orientation. We understand that creating a diverse and accepting community also means working to educate ourselves and one another, address bias, and apply critical analysis to our curriculum and materials. Members of our community will learn how and work to use inclusive language, challenge discrimination and stereotypes, and advocate for positive change. Our goal is to create a community of learners of all ages who feel safe to express themselves, explore the world around them, and develop and grow.

## Curriculum

We employ the curriculum taught in public schools in France. In this system, there are three main groupings known as cycles:

- **Maternelle/Cycle 1:** Toute Petite Section/Petite Section (preschool), Moyenne Section (pre-k), and Grande Section (kindergarten)
- **Élémentaire /Cycle 2:** CP (1<sup>st</sup> grade), CE1 (2<sup>nd</sup> grade), CE2 (3<sup>rd</sup> grade)
- **Élémentaire /Cycle 3:** CM1 (4<sup>th</sup> grade), CM2 (5<sup>th</sup> grade)

### **Maternelle/Cycle 1: TPS, PS, MS, & GS (3-5 years old)**

The first three years of the French curriculum create a solid foundation for advanced learning. In a loving and informal setting, children are immersed in the French language and francophone traditions so that they quickly become comfortable with the language. Through songs, games, art, and creative play, each child's academic and social development is nurtured. Logical thinking, science, and math are introduced. The balanced schedule alternates indoor and outdoor, group and individual activities. A one-hour nap or rest time is scheduled after lunch.

In GS (Kindergarten) greater emphasis is placed on phonemic awareness and reading readiness. Mathematical concepts are deepened through manipulation, classification, and representation. With a short period each day devoted to individual concentration in an academic activity, students begin to acquire self-discipline. Music, art, and creative movement are an integral part of the program. The children are encouraged to express themselves as much as possible in French. Kindergarten is a bridge between Cycle 1 and Cycle 2. To better prepare the students for elementary school, teachers organize frequent exchanges with 1<sup>st</sup> graders. English Language Arts is introduced in order to develop students' reading skills.

## **Élémentaire/Cycle 2: CP, CE1, &CE2 (1st, 2nd, & 3rd Grades)**

Reading in French is one of the main goals in first grade. Dictation, composition, and cursive writing are taught using different but complementary academic approaches. English Language Arts continues with approximately five hours a week in cycle 2. In both languages, the primary emphasis is on reading, oral expression, and writing skills.

Science and math are taught and reinforced through manipulation, experimentation, demonstration, practical problem-solving, and daily skill practice. Sports, visual arts, and music focus on the continuing development of students' skills.

## **Élémentaire/Cycle 3: CM1 & CM2 (4th & 5th Grades)**

In cycle 3, students continue to expand their knowledge in all subjects, but mastery of the French language and basic mathematics are the primary focus of these grades. Students hone their French skills through presentations, dictation, and the study of literature. They become more acquainted with technology and computers through carefully planned projects and lessons. In math, students work on abstract and concrete problem-solving, geometry, and organizing data. Art, music, English, and physical education continue to play an important role.

## **School Calendar**

L'Etoile follows the French Ministry of Education calendar. School is closed for the breaks shown on the Calendar, except for the week-long breaks in October and February. During these October and February breaks, optional fee-based camps are offered. Please reference the calendar [here](#).

## **Campus Locations**

**Hood:** 5839 S Hood Ave. Portland, OR 97239

**Annex:** 5816 S Hood Ave, Portland, OR 97239

**Fulton:** 68 SW Miles St., Portland, OR 97219

## **Administrative Contacts**

**Head of School and Site Director for Hood and Annex:** Joëlle Mayo  
([jimayo@letoilefrenchschool.com](mailto:jimayo@letoilefrenchschool.com))

**Pedagogical Director:** Nathalie Berthelot ([nberthelot@letoilefrenchschool.com](mailto:nberthelot@letoilefrenchschool.com))

**Administrative Manager:** Susan Strieff ([sstrieff@letoilefrenchschool.com](mailto:sstrieff@letoilefrenchschool.com))

**Outreach Director:** Jenny Brusselback ([jbrusselback@letoilefrenchschool.com](mailto:jbrusselback@letoilefrenchschool.com))

**Marketing and Admissions Director:** Megan Meagher ([mmeagher@letoilefrenchschool.com](mailto:mmeagher@letoilefrenchschool.com))

## Daily Hours

**Hours of operation:** 8 a.m. - 6:00 p.m.

**Half-day school hours:** 8:30 a.m. - 12:00 p.m.

**Full-time school hours:** 8:30 a.m. - 3:00 p.m.

**Aftercare:** 3 p.m. – 6 p.m.

\* Hours of operation during the fee-based care occurring in October and February, as well as parent/teacher conferences and summer camp, may differ slightly from the hours above.

## Illness in the Maternelle Program (TPS, PS, MS, GS - Preschool to Kindergarten)

- If your child displays any of the following symptoms, they may return to school symptom-free after **48 hours** or with written clearance from a licensed healthcare provider.:
  - Diarrhea - three or more watery, bloody, or loose stools in 24 hours, the sudden onset of loose stools, or a child is unable to control bowel function when previously able. A child with diarrhea may return **48 hours** after diarrhea resolves or with written clearance from a licensed healthcare provider. \*\*Please note that L'Etoile reserves the right to send a child home with less than three instances of diarrhea.
  - Vomiting - A child who vomits without explanation may return 48 hours after the last episode of vomiting or with written clearance from a licensed healthcare provider.
- If your child displays any of the following symptoms, they may return to school symptom-free after **24 hours** or with written clearance from a licensed healthcare provider.:
  - Headache with a stiff neck
  - Fever of 100.4 degrees or higher (may return when symptom-free for 24 hours without the aid of medication)
  - Severe or persistent cough
  - Unusual or yellow color to skin or eyes
  - Open sores or wounds discharging bodily fluids. A child with open sores or wounds discharging bodily fluids may return to care after rash is resolved, when sores and wounds are dry or can be completely covered with a bandage, or with written clearance from a licensed health care provider.
  - Difficulty breathing or abnormal wheezing
  - Severe eye lesions, weeping, or pus-filled. A child with severe, weeping, or pus-filled eye lesions may return to school after symptoms resolve or with written clearance from a licensed healthcare provider.
  - Uncharacteristic lethargy, decreased alertness, increased irritability, increased confusion, or a behavior change that prevents active participation in usual school activities

- When a child displays symptoms of COVID (including temperature over 100.4, runny nose, cough, etc) we highly recommend testing the child for COVID before returning to school.

## Illness in Elementary (CP-CM2/First Grade to 5th Grade)

- If your child displays any of the following symptoms, they may return to school after 24 hours symptom-free
  - Diarrhea
  - Vomiting
  - Headache with a stiff neck
  - Pink Eye
  - Fever of 100.4 degrees or higher (fever-free without the aid of medication for 24 hours)
  - Severe cough
- When a child displays symptoms of COVID (including temperature over 100.4, runny nose, cough, etc) we highly recommend testing the child for COVID before returning to school.

## Covid Related Illness

[In accordance with the CDC](#), L'Etoile will no longer require a 5-day isolation period when a student has COVID. Our COVID policies will remain fluid and subject to change should current trends and guidance change.

If a student tests positive for COVID,

- they may return to school when, for at least 24 hours, symptoms are improving overall, and if a fever was present, it has been gone without the use of a fever-reducing medication;
- they will need to wear a well-fitting face mask for five days upon their return to school;
- Should a student or staff member test positive for COVID, we reserve the right to request all members of the class to wear masks while indoors for a period of five days.

## Drop-off Procedures

Parents may drop off between 8:00-8:30 am

- Limited drop-off is available from 7:30-8:00 for students 3 years and older. Advanced sign-up is required and space is limited. Please email [Susan](#) if you need to arrange early drop-off for your child given your professional situation.
- **Hood:** Parents will enter through the blue door and proceed to the exterior door of their child's classroom.
- **Annex:** Parents will enter through the gate and proceed to their child's classroom. Parents should drop off their child with the teacher inside the classroom.

- **Fulton:** Students will enter directly through their exterior classroom door. Exterior classroom doors will be closed promptly at 8:30. If a student arrives late, please enter through the front doors (coded entry is on the door on the east side of the building) and check in at the admin office before going to class.

## Pick up Procedures -With & Without After Care (AFCA)

### Pick-up without AFCA

- Annex/Fulton: At **3 pm**, parents will return to their exterior classroom doors to pick up their children. Parents are welcome inside the classrooms.
- Hood TPS/PS: At **2:45 pm**, parents will enter through the blue door to pick up their children inside the classroom.

### Pick-up with AFCA

- Hood / Annex /Fulton: At **their pre-selected AFCA pick-up time**, parents will return to **their pre-assigned AFCA classrooms** to pick up their children. Parents must check their children out directly with an AFCA teacher. Failure to check the student out with the AFCA teacher may result in suspension of the use of AFCA.

## Late Arrival, Early or Late Pick up

### Unplanned Late Arrival & Early Pick-up

A student is considered late when he/she arrives in class after 8:30 am. An unplanned late arrival detracts not only from an individual student's performance but also disrupts the students in the classroom. If a teacher's attendance log notes routine absences, parents will be notified, and additional guidance will be provided to assist in timely arrival at school.

### Unplanned Late Pick-up

L'Etoile closes at 6 p.m. All children in AFCA must be picked up and out of the buildings by that time, or a late fee of \$2.00 per minute will apply. Repeated late pick-ups are not respectful, and students may lose access to AFCA and extracurricular activities if pick-up times cannot be honored.

### Planned Late Arrival & Early Pick-up

In the event of planned late arrival or early pick-up, parents should send an email to the student's teacher and to [Susan](#).

## Absentee Policy and Notification

It is the parent's responsibility to send an email each day a student is absent. Emails may be sent to the teacher and to [Susan](#). If no communication is received, the school will call a parent to request the reason for the absence.

### Extended Absence

While it is most beneficial for students, teachers, and their peers to make use of the school calendar when planning vacations, the school recognizes that parents may elect to take their children out of school for personal reasons. Absences for longer than three days must be

discussed with a student's teacher and approved by the Head of School at least two weeks prior to the first day of the absence.

It is the parent's responsibility to obtain homework assignments from their child's teachers. Teachers are not responsible for providing extra tutorial time for absences or live-streaming lessons.

## Lunch and Snacks

There is no cafeteria at the school; however, there is an optional fee-based hot lunch program available. Each student must bring or order a lunch and must bring a morning snack and aftercare snack (if applicable) every day. Parents must specify food allergies on the Student Information and Authorization Form.

At L'Etoile, students are taught about the importance of a nutritious diet. Parents are requested to send healthy foods to school and not pack sweets, desserts, or "junk" food.

Parents are also requested to reduce waste from lunch packaging by using containers that can be washed and reused. Parents are encouraged to include reusable utensils and label all food and beverage containers with the student's name.

### Maternelle Collective Snack

In our PS, MS, and GS classes, we utilize a collective/community system for morning snacks. Each student will be assigned a day and type of snack to bring for their entire class. We focus on healthy snacks to educate our students about their appetites (éducation au goût), and we try as much as possible to avoid wrappers and plastic. If your child is sick or will not be at school on your assigned snack day, please communicate with their teacher to ensure the class will have snacks.

## Forms

### Medication Request Form

If a child requires medicine on a regular or as-needed basis, parents must fill out a Medication Request Form. Oregon State Law requires parents to bring medication to the school office in the original container. The label will state the student's name, the dosage, time, prescription number, and the physician's name. Medication should stay at school and not be moved back and forth between home and school.

No medication of any kind is allowed on a student's person during the school day. It is best for the parent to explicitly go over the procedure for administering the medicine with the teacher.

### Student Info and Authorization Form

Parents must complete the Student Info and Authorization Form by the due date. Parents must note student allergies and sensitivities on this form, as required by the Oregon Office of Childcare. **If a student has a severe allergy, the parent should discuss it with the teacher verbally.** The form also lists a student's emergency contacts. This is important if a child needs immediate medical attention, but a parent cannot be reached.

### **Alternate Pick-up Form**

Included in the Student Info and Authorization Form are alternate pick-ups, which authorizes the release of a student to those individuals listed on the form. Alternative individuals must present a government-issued form of identification to staff members in order to pick up a child. Other than parents, a student will not be released to a person not listed on the form unless a parent is able to give written or verbal approval on that day. Please email [Susan](#) if you need to update your child's authorized pick-up information.

### **Immunization Form**

Students entering L'Etoile must provide a signed Certificate of Immunization Status form documenting either evidence of immunization or a religious and/or medical exemption prior to initial attendance. The school must receive immunization certificates by the first week of school. The school is required by law to exclude any student who has not complied with the immunization laws of Oregon.

## **Parent/Teacher Conferences**

Parent-teacher conferences are held in November and March. For at least one of the reporting periods in the elementary school, parents will meet with both the French and English teachers. If possible, both parents should attend. Parent/Teacher conferences are held in person with some Zoom options. Half- or full-day fee-based care will be offered during conference days.

## **Behavioral Standards and Discipline Policy**

L'Etoile's behavioral standards have been developed to promote a positive school environment. Standards are based on respect for others, responsibility for one's actions, respect for the school environment, and respect for safety rules.

### **Respect for Others**

- Each student is expected to demonstrate respect, courtesy, and understanding in his/her words and actions toward others. Students are encouraged to talk with an adult at school if they need help or know someone who does.
- Each student is expected to treat others fairly and not use words or actions that injure, hurt, put down, embarrass, exclude, or threaten others.
- Each student is encouraged to be reflective and thoughtful, thinking before he/she acts and speaks.
- Each student is encouraged to be open-minded and not tell others how to be or what to do.
- Each student is encouraged to stand up for others when they need help.

### **Respect for Our Environment**

- Each student is expected to take responsibility for keeping the school clean and to treat school property and personal possessions with care.
- Each student is expected to take care of the school materials used.  
Each student is expected to recycle paper and plastics in the classroom bins.

### **Respect for Rules of Safety**

- Each student is expected to work and play safely together and protect each other from danger or injury.

Teachers routinely encourage these standards, but at times, children make choices that are inconsistent with the standards. In these situations, consequences are needed and are given depending upon the child’s developmental level, and the danger, severity, or repetitive nature of the behavior. While children and circumstances are individual and unique, often requiring that the consequences be tailored to the situation, we strive to maintain fairness and consistency in our responses. Staff members will not share information about a student’s behavior, academics, or consequences to adults other than that of the student’s parents or guardians and involved staff members.

### **Possible Consequences for Negative Behavior**

- Verbal Warning
- Removal of privilege or “time out”
- An email describing the concern
- Meeting with Head of School
- Restorative justice action assigned
- Suspension
- Expulsion

## **Relationship with Parents**

Parents are an integral part of our school community. To be a successful community, the school requests the cooperation and support of its parents. When joined by a common purpose the school and its parents form a powerful team in service of the students. Enrollment at L’Etoile indicates the parents’ willingness to act respectfully toward staff and behave calmly and privately if conflicts arise. If the school administration reasonably concludes that a parent is not able to maintain a positive and constructive relationship, L’Etoile reserves the right to revoke the enrollment of a student.

### **Parent/Teacher Communication**

Teachers will communicate with parents through daily interaction at pickup and drop off, through emails, and during parent-teacher conferences. Parents may also receive communication from a specialist (i.e., art, music, or PE teacher), English teacher, or aftercare (AFCA) supervisor.

If a parent would like ALL the caregivers in the school to be aware of an issue (e.g., if the child has a vision problem), the school highly recommends following up with the student’s primary teacher to ensure that communication takes place. While the teachers and specialists make every effort to communicate with each other regarding individual student situations, lapses do occasionally occur. Parents may also consult with the Head of School for additional support.

## **Student Records**

Student records are maintained by the school to provide accurate and pertinent information for diagnosing a student’s educational needs. These records include behavioral and academic information and are confidential. Only professional school staff and parents have access to

student records. Parent requests to review, propose amendments to, or receive a copy of records must be made in writing.

L'Etoile will forward education records requested by another educational institution in which the student seeks enrollment as per Oregon law. The request is processed within 30 working days, but tuition accounts must be current in order for records to be released.

Records may be released to a third party at the written request of the parents. Unless otherwise ordered by the courts, non-custodial parents have the same right to records as the custodial parent. Please email [Susan](#) to make a records request.

The school is required by law to disclose personally identifiable information from a student's education record to law enforcement, child protective services, health care professionals, and other appropriate parties in connection with a health and safety emergency if knowledge of the information is necessary to protect the health and safety of the student or others.

## Tuition and Fees

Tuition and fees are documented in the "[2024-25 Tuition and Fee Schedule](#)".

## Withdrawal Process and Tuition Obligations

Parents are obligated to pay the tuition and fees for the entire 2024-25 school year. No portion will be delayed, refunded, or released from obligation for absence, suspension, voluntary or involuntary withdrawal, lack of toilet training, dismissal, or, if attending part-time, a reduction in the number of pre-selected days. The fact that the tuition and fees may be paid in monthly installments does not constitute a fractional contract.

Once a parent has paid the tuition deposit and signed an enrollment contract, his/her child is considered enrolled. If, after that, a family decides to relocate to an address greater than 30 miles from the L'Etoile campus, L'Etoile will waive 50% of the outstanding tuition balance. To receive this 50% waiver, the family must provide documentation of the move that L'Etoile deems acceptable.

In the event of a breach, including but not limited to non-payment of tuition, fees, or other amounts, the school will take action to collect the unpaid balance. Parents shall reimburse the School for all costs and expenses (including, but not limited to, attorney's and collections fees) incurred by the breach. There is no refund for the enrollment fees under any circumstances.

## Entry Requirements

Children entering maternelle (TPS, PS, MS) must be potty-trained. L'Etoile reserves the right to send children home for consistent toilet issues. Parents will still be obligated to pay tuition.

A child is considered to be toilet trained when they are able to do the following:

- use the toilet by themselves
- tell an adult that they have to go before he/she pees/poops

- pull their underwear up and down without assistance
- wipe themselves after using the toilet
- wash/dry hands after using the toilet
- wait to go if another child is using the toilet
- Diapers and pull-ups are not permitted at L'Etoile

Your child will have a two-week grace period to meet the above requirements. After that, if your child has more than two accidents within a week, we will ask you to keep him/her at home until the end of the week. If the child has been sent home regularly for two to three weeks and there is no sign of progress, the teacher and administrative staff will ask to meet with the parents to discuss how best to proceed. Tuition will not be discounted if your child is sent home.

## Re-enrollment

Each January, students may be offered an invitation to re-enroll for the subsequent school year, and siblings of students may be offered an invitation to enroll. Tuition accounts must be current to receive an invitation, and re-enrollment can be revoked if tuition is not kept current or if the school feels that the parent or student is not upholding the conduct expected by the school.

## Dress Code

The children must wear clean, comfortable clothing and shoes that enable them to move easily. Practicality, neatness, and safety are recommended.

Students must come to school dressed appropriately for the weather, especially for rainy and/or cold days (raincoat or warm coat, warm shoes with closed toes). Outerwear, including coats, sweatshirts, hats, etc, should be labeled with the child's name.

Costumes or themed clothing is only permitted on certain days (e.g., Halloween, theater performances, spirit days).

The school is not responsible for lost jewelry.

## SmartWatch Policy

We recognize that some families will provide their children with smart watches for safety reasons, such as emergency communication or location tracking. During the school day, students are not permitted to use their watches for calling, messaging, surfing the net, or texting. If students need to reach a family member, they can use the phone in the main office.

Families can help us enforce this policy by not texting, calling, or answering calls from their children during the day. If a family member needs to contact their child, they should phone the school office, and the message will be relayed as soon as possible.

Students may wear a smartwatch during the day, but it must be turned off.

- Students who use their smartwatch for anything other than checking time will be warned to turn off the watch and not use it again.
- After the first warning, the teacher will take the smartwatch and contact the parents.
- Students who consistently use smartwatches during the school day will be asked to refrain from wearing them to school.
- L'Etoile is not responsible for the loss of or damage to smartwatches.

## Birthdays

For birthdays, parents may send a store-bought treat with a complete ingredients list on the label. Please check with your child's teacher before bringing any food so that they are aware of any food allergies that may be present in the classroom.

If there is a party outside of school hours and the whole class is not invited, the school requests that invitations be distributed outside of school so as not to offend those who are not invited. The school is not responsible for non-school-sponsored parties or events.

## Field Trips

Field trips enhance and support the classroom learning experience. They may be scheduled at various times during the school year. On most occasions, transportation will be provided by either the L'Etoile bus or a public or chartered bus. Additional fees may apply for multi-night or highly specialized field trips.

## Volunteering

Parents are strongly encouraged to volunteer during the academic year. Volunteer opportunities will be sent to families via email by the teacher or the Parent Committee. The school reserves the right to require volunteers in any school program or activity to undergo a background check. Ordinarily, any person with an adult criminal conviction is not eligible to serve. The school further reserves the right to decline to accept a volunteer's services or to request that a volunteer withdraw from volunteering.

## Evacuation and Emergency Drills

Teachers will administer emergency drills once a month to accustom children to emergency evacuation.

If it is necessary to evacuate any of the school buildings due to fire or hazardous interior smells or fluids, teachers will assist children to the nearest emergency exits. Diagrams of the exits are posted in the classrooms.

### Hood and Hood Annex Evacuation Location

Upon exiting Hood or Hood Annex, faculty and students will regroup in the parking lot adjacent to Hood Annex. All staff are responsible for moving children to the designated safe area.

In the event that Hood or Hood Annex cannot be safely reoccupied, students and staff will seek shelter at the covered parking structure at The Water Tower located on SW Sweeney St at the intersection of SW Kelly, 2 blocks north of L'Etoile.

#### Fulton Park Evacuation Location

Upon exiting Fulton, faculty and students will regroup in the gravel parking lot on the west side of the community center. In the event that Fulton cannot be safely reoccupied, students and staff will seek shelter at PDX Church.

In some circumstances, parents will be called upon to pick up their children.

## Safety: First Aid and Fire Extinguishers

First aid materials are located in each classroom. Fire extinguishers are located near the doors throughout Hood, Hood Annex, and Fulton. They are serviced at scheduled intervals. Flashlights are located in the classrooms.

## Injuries

The staff makes every effort to ensure the safety of your child. Teachers are trained in CPR and basic first aid procedures if an accident occurs. Should your child experience an injury, the teacher will:

- Determine the severity of the injury (i.e., scrapes, bumps, bruises, etc.) and administer first aid if required.
- File an incident report. The parents and Head of School will sign the report, and a copy will be sent home with the family.
- Notify parents of the injury through email or phone.

EMS (911) will be contacted first in case of a serious accident or injury. The school will make every attempt to contact parents immediately. The school will call the emergency contact listed on the Child Authorization and Enrollment Form if a parent cannot be reached. This person will make medical decisions on your behalf and release your child into the custody of the emergency paramedics.

If an ambulance is called and a parent or emergency contact cannot be reached, a staff member will accompany a student to the hospital.

Any medical bills arising from an accident are the parent's responsibility.

## Weather Closures

In rare circumstances, L'Etoile will close due to severe weather. L'Etoile weather closures will typically be consistent with closures of the Portland Public Schools, though the Head of School reserves the right to make the final determination. The school will send alerts of the closure via email and text.

If weather conditions pose serious transportation problems during the school day, the teachers and staff will remain at the school until all students have been reunited with their families.

There are no automatic make-up days, but the Head of School reserves the right to either add school days to the existing calendar or change existing holidays/teacher planning days to school days. For extended weather closures longer than a day, the teachers will switch to an online learning program.
